Professional Summary

Motivated Computer Science student with strong problem-solving skills in Data Structures & Algorithms (DSA), Python, and Java. Skilled in full stack web development and currently upskilling in the MERN stack. Passionate about building scalable, user-focused applications and contributing to collaborative engineering teams.

Education

- Master of Computer Applications (MCA) – Jamia Millia Islamia, [Expected 2026] | CGPA: 8.665
- Bachelor of Computer Applications (BCA) – SSDC Kanpur, CSJMU, 2020 | 73.75%
- Senior Secondary (XII) – SGVP Inter College, UP Board, 2017 | 84%
- Secondary (X) – SGVP Inter College, UP Board, 2015 | 82%

Technical Skills

• Programming Languages: Python (Core & Advanced), Java, C, C++
• Web Development: HTML, CSS, JavaScript, MERN Stack (in progress)
• Frameworks/Tools: Tkinter, Database Connectivity, Git/GitHub
• Databases: MySQL, MongoDB

Projects

• Cyber Security Management System
  Developed a system to manage security policies, monitor vulnerabilities, and ensure compliance with data protection standards. Focused on access control, threat detection, and reporting dashboards.

• Portfolio Website
  Designed and deployed a personal portfolio to showcase projects, certifications, and technical skills.

Certifications

• Python Certification – BTPS, Kanpur
• Web Designing Certification – HIGHPROSOFT, Kanpur
• Workshop on C Programming – Shri Shakti Degree College, Kanpur

Strengths

• Quick learner with strong adaptability
• Effective team player with problem-solving skills
• Positive and self-motivated
